

It's that busy time of year again for those of you who make the music happen. Don't get so busy that you forget to make your Christmas list. We have a few suggestions below! We hope your holiday season is a happy one and your new year gets off to a great start.

Dear Santa,

If you can't quite make the claim in the letter at right, we know where you can get your new VASE rig!

We know you are trying your best and we want you to get your wish.

So if you don't think Santa has a VASE rig on his list for you take matters into your own hands!

Tonesetter 60

Pricing Inquiries

We have had a couple of frustrated folks lately unable to find the pricing for VASE products. It appeared that we needed to make this clearer with a specific page on the web site with all the prices, which has been done now. As before, each product does still have a price above it on its web page. See below.

Go to www.vase.com.au click on "products" the drop down menu will list all products by type then open up to specific models or the price list.

VASE in Social Media

Creativity Well Managing Director and Principal Consultant, Paul Holland, has had significant experience in the private and public sectors as an executive manager, company director, educator, business coach, media producer, and interaction designer. He is a musician, VASE Board Member, past and present VASE owner and keeps us up to date on Social Media.

Well it's almost time to down tools and pick up guitar again (for a while at least). Break out the kilt, whisky and haggis because every night is Burns Night.

It's hot ... damn hot. Prevent going troppo with some cold beverages and cool music. We at VASE subscribe to this wise and ancient treatment. More great videos is this month from some of our VASE friends and family.

ME were a great band and really helped take VASE back to Europe in recent times. Key personnel from that band have formed new bands that promise great things. First up we had Josh Murphy (ex-ME) and Furious Few with one of the band's latest recordings from Germany. Josh was one of the first Australian musicians to take a VASE rig to Germany and make his mark over there.

Here's another Australian band VASE is proud of, **Other Animals** (pictured at right) Michael Godde (ex-ME) has spearheaded this amazing group and they have been recording in the UK.

Dave Fitz-herbert and **The Dirty Dukes** at Mooloolaba. Party time has officially commenced. Pictured at left.

Bluey and Butch Bellert sure get around. Here they are again (at right) with **Dezzie D and the Stingrayz!** Check out this great vid @ Lefty's Old Time Music Hall.

And a great pic of Jake Whittaker (left) and his Tonesetter to finish off.

Keep your contributions coming in. I always put in a reminder that we can scan old slides and negatives if you have them. They will be returned along with digital in the 70s. There must be thousands of those instant snaps around as well. Just contact me at hollandp@bigpond.net.au or send them to:

Out and About

Here are some places you can see and hear VASE Out and About this coming weekend. If you have some gigs you'd like to get the word out on, let us know. We love keeping up with who's playing and where. Email or get on to VASE's Facebook page with your gig info.

This is the last Newsletter for 2016. We have been sending them out since 2009 and if you missed any, they are up on the VASE web site. Throughout those years, our primary focus has been on creating a product that would be as well made and well received as the original (minutely checked in previously issues). Then manufacturing with care.

After that we set about getting the word and the products out, with several different approaches and are still honing our marketing skills!

We have been thrilled with the reception for the Tonesetter line (did I mention that I chose that name?) and have some new products which will be introduced next year.

Thank you for your support and interest in our journey. We couldn't do it without you!
Till next year, Carol
